Forlì, 27 October 2020 - The Board of Directors of Unieuro S.p.A. (MTA: UNIR) ("**Unieuro**" or the "**Company**"), leader in the distribution of consumer electronics and household appliances in Italy, held today under the chairmanship of Stefano Meloni, examined and approved, on the proposal of the Remuneration and Appointments Committee, the guidelines and essential terms of the new incentive plan called "Performance Share Plan 2020-2025" (the "**Plan**") to be submitted for approval to the shareholders' meeting convened for December 17, in single call (the "**Meeting**").

The total number of Unieuro shares to service the entire Plan will be proposed in a maximum of 900,000, resulting from

- a specific free capital increase, to be carried out also on several occasions, pursuant to article 2349 of the Italian Civil Code, for the execution of which the Board of Directors will be granted a specific proxy and/or
- treasury shares resulting from purchases made pursuant to articles 2357 and 2357-ter of the Italian Civil Code.

In this regard, the Board resolved to submit for approval to the Meeting:

- the granting of a proxy to the Board of Directors to increase the share capital free of charge for a period of five years from the date of the resolution, even on several occasions for a maximum amount of Euro 180,000 to be charged in full to capital through the issue of a maximum of 900,000 new ordinary Unieuro shares with no express indication of their par value; and
- the authorization to purchase a maximum number of 2,000,000 ordinary shares of the Company representing at today's date 10% of the share capital of the same, for a period of eighteen months from the date of any resolution approving the proposal by the Meeting, and, without time limits, to the disposal of ordinary shares of the Company, to be used, if necessary, also to service share incentive plans.

It should be noted that, at the time of the adoption of the remuneration policy¹ approved by the Company's Shareholders' Meeting of 12 June 2020, the Board of Directors had deemed

it appropriate to postpone the definition of a long-term incentive plan based on financial instruments. Such a decision was taken in accordance with the principles of responsibility and sustainability that inspire the Company's choices, considering the emergency situation for the spread of the Covid-19 epidemic and its impact on the pursuit of long-term interests. In particular, the Board of Directors had specified its intention to submit a performance shares plan for approval by the Shareholders' Meeting by December 2020, if the conditions linked to the impact of the pandemic had allowed it.

In light of the above, the Board of Directors will submit the Plan to the Shareholders' Meeting convened for 17 December 2020 in single call, in Forlì, which will be also requested to preliminarily approve, pursuant to art. 123-ter, paragraphs 3-bis and 3-ter of Legislative Decree No. 58 of 24 February 1998 ("TUF"), a new remuneration policy to be adopted for the fiscal year 2020/2021 for directors, statutory auditors and executives with strategic responsibilities of Unieuro, which - in particular - includes the Plan among the variable components of the remuneration of directors and executives with strategic responsibilities of the Company.

Proposal of Performance Share Plan 2020-2025

Below is a summary of the essential information on the Plan pursuant to Article 84-bis, paragraph 3 of the regulation adopted by Consob resolution No. 11971 of 14 May 1999, as subsequently amended (the "Issuers' Regulation").

The names of the beneficiaries and the other information provided for in paragraph 1 of Schedule 7 of Annex 3A to the Issuers' Regulation will be provided in the manner and within the terms indicated under art. 84-bis, paragraph 5 of the Issuers' Regulation.

Essential elements relating to the characteristics of the financial instruments on which the Plan is based

The Plan provides for the free allocation to each of the beneficiaries of rights to receive ordinary shares of Unieuro (the "**Shares**") based, inter alia, on the achievement of certain performance objectives and specific vesting conditions, which reflect the most important variables related to the creation of value for the Group.

The free allocation of these Shares will be made in 2023 (1st cycle), 2024 (2nd cycle) and 2025 (3rd cycle).

The actual allocation of the Shares for each of the three cycles will be carried out as resulting from the relevant resolution of the Board of Directors, based on the degree of achievement of the performance objectives and, in general, on the permanence of the vesting conditions.

It is also provided that the aforesaid rights confer the right to the receipt by each beneficiary of a cash bonus, based on any cash dividends distributed and paid by the Company up to the allotment date. This bonus shall be payable jointly, and subject to the delivery of the shares relating to each cycle of the Plan, provided that the specific vesting conditions are met.

Reasons motivating the Plan

The Plan is one of the instruments used by the Company and the Group to integrate the remuneration package of key figures through variable components linked to the achievement of certain performance objectives, according to the best market practices.

In particular, the Company believes that a share-based incentive plan, with a five-year duration and specific performance objectives, is the most effective incentive tool and best suited to the interests of the Company and the Group. Therefore, the Plan has the following objectives:

- (ii) increase the loyalty of beneficiaries and encourage their stay with the Company by developing retention policies aimed at increasing the loyalty of key resources;
